“Anonymous donor bestows \$1 Million to Seva Foundation”

A gift to help restore more sights and bring miracles in children’s lives

(Berkeley, CA, USA)— On Saturday morning, Seva Foundation was granted a \$1 million donation from an anonymous donor. The donation is intended to provide eye care to children.

This is the largest anonymous single gift received by our Foundation ever. The anonymous donor has also committed to donate more money to the Seva Foundation to provide children with the best eye care facilities. In the letter to the Seva Foundation, the donor wrote: “This is the magic of your kindness that springs the warmth in the cold lives! Please accept this donation to provide eye care services to children. And please know that I am always here to support you”.

Seva Foundation is thrilled with the support and love showered by this anonymous donor and ensures everyone that Foundation will keep working to develop sustainable eye care programs.

“Restoring sight is one of the effective ways to brighten the future of children and at the same time of the country and the world,” said Kate Moynihan, MPP – Executive director of the Seva Foundation. She also thanked the donor, saying: “Thank you for contributing to the greater cause and showing such compassion and care for children. Your support will help children to live the productive lives that they deserve.”

About us:

Seva Foundation is a non-profit organization aiming to restore sight and prevent blindness. Seva is also working worldwide to develop eye care programs. We have provided eye care services to more than 46 million people worldwide and has empowered underserved communities.

Seva Foundation programs exist to meet the eye care need of the millions of indigenous people, children, women, and underserved people.
